The Field Of Education

Awarded as Most Prominent Educator and Smart School

Mrs. & Mr. Manjit Singh Dang  
(MD, KLF Group) receiving award from  
Mr. Praful Panseriya  
(Education Minister of Gujarat)

Journey of KLF Group of Schools

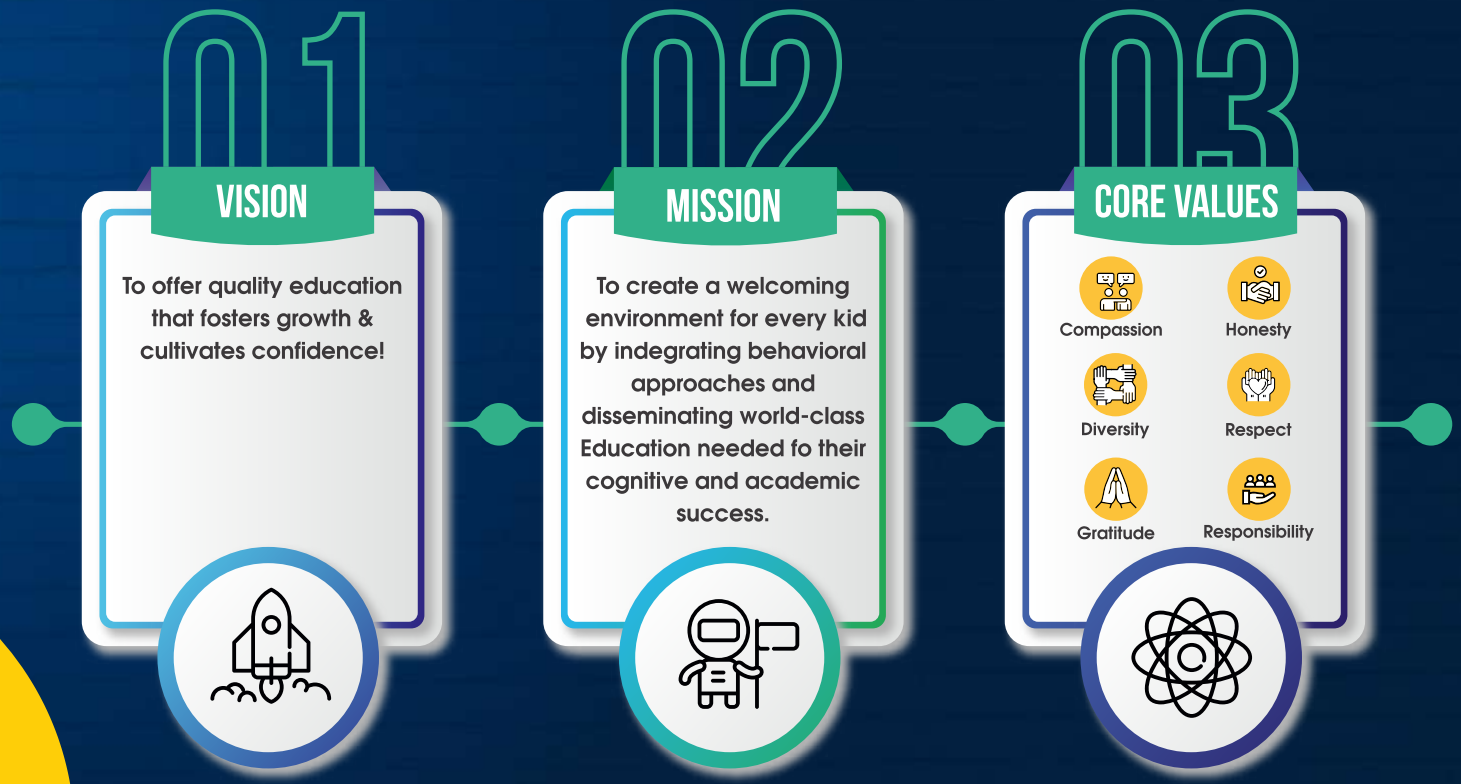

**Learners Today  
Leaders Tomorrow!**

With 23+ years of educational experience, KLF Group Of Schools stand ahead for its top-notch education that matches international quality standards and practices. Our curriculum offers not only theoretical education but also realistic, life-oriented approaches for growth & development.

We emphasize not only training students for the outside world, but also on cultivating a feeling of love & care that will inculcate a sense of compassion and kindness in them.

**Your Success Is Our Goal**

**1. National Recognition & Uniformity:** CBSE is recognized across India, making it easier for children to transfer schools without disruption in any part of the country. Ideal for families who may relocate due to jobs or business.

**2. Better Alignment with National-Level Competitive Exams:** CBSE curriculum is designed by NCERT, which is the base for most national-level entrance exams like: NEET (Medical) JEE (Engineering) CUET (Central Universities) NDA, UPSC (at higher levels) GSEB students often struggle in these exams due to different syllabus and approach.

**3. Concept-Based Learning vs Rote Learning:** CBSE focuses on concept clarity, problem-solving, and application-based learning. Helps children develop real understanding—not just memorize for exams. This nurtures critical thinking, which is essential in today's world.

**4. Curriculum Designed for Holistic Development:** CBSE includes sports, art, music, life skills, value education and more, alongside academics. Focus is on all-round personality development, not just marks.

**5. English Medium with Strong Language Skills:** CBSE uses English as the primary medium, giving students an edge in Communication skills, Competitive exams and Higher education (India & abroad). Parents aiming for global opportunities or English-medium colleges prefer CBSE.

# “Why CBSE is the Right Choice For Your Child’s FUTURE”

**6. Ideal for Future Higher Studies & Global Careers:** Students from CBSE schools are better prepared for International education. Global career options, CBSE syllabus is aligned with international standards, making transitions easier.

**7. CBSE Curriculum trains for Future Jobs:** Focuses on coding, AI, critical thinking, entrepreneurship, financial literacy, and other 21st-century skills. Prepares students for modern careers, not just traditional jobs.

**8. Transparent and Student-Friendly Exam System:** CBSE assessments are Well-structured, Scientifically graded and less stressful due to the Continuous and Comprehensive Evaluation (CCE) approach.

**9. Access to a Larger Network & Resources:** CBSE has over 27,000 schools across India, including top private and central government schools (like Kendriya Vidyalayas, DPS). Students benefit from a larger pool of learning resources, Olympiads, national-level competitions, etc.

**10. Higher Acceptance in Private Universities & Abroad:** Most top Indian private universities prefer CBSE students due to curriculum depth and English proficiency. Universities abroad often understand CBSE grading better than state boards. Bonus: If Your School Is Offering Modern Infrastructure / Facilities.

**11. We're not just offering a CBSE curriculum:** but an environment that promotes innovation, creativity, and global readiness with modern facilities and personalized learning."

# Our Unique Features — Setting Us Apart

Welcome to KLF International school, – A Place Where Dreams and Bright Futures Are Shaped  
At KLF International school, we believe that education is not just about academics;  
it's about nurturing well-rounded individuals.

**Our unique features are carefully designed to provide an enriching experience that balances rigorous academics with creative exploration, personal growth, and social responsibility.**

Imagine classrooms equipped with the latest technology, creating an interactive and engaging learning environment that caters to various styles of learning.

Our dedicated, passionate faculty members are more than teachers they are mentors and guides committed to nurturing the individual talents and interests of each student.

Our curriculum is designed to foster curiosity and critical thinking, blending traditional subjects with contemporary skills like coding, robotics, and environmental science.

Open communication between teachers, parents, and students ensures that everyone's voice is heard, and each child feels cherished and supported. We are proud to be a place where learning is exciting, fulfilling, and meaningful.

# A Campus Designed to Learn, Create & Grow

At our school, education goes beyond classrooms. Every space is thoughtfully designed to ignite curiosity, build confidence-and encourage hands, on exploration. From STEM to art, from dining etiquette to digital literacy-learning here is a living experience.

## DISCOVERY & INNOVATION LABS

Science, Maths, Space, English, Computer (x2), Robotics & DIY Lab

Where imagination meets invention — students explore, create, and innovate through hands-on learning. DIY & Jugaad Labs are equipped with CNC machines, 3D printers, drill sets, and material corners to inspire creativity and sustainability. Each Computer Lab handles over 30 sessions weekly, ensuring every child learns technology by doing.

## CREATIVE EXPRESSION STUDIOS

Dance, Music, Art & Craft, Literature Lab

Spaces that let imagination breathe — from classical dance and music to storytelling and painting, every student learns to express themselves confidently and creatively.

## READING & REFLECTION CORNERS

Kids' Library, Students' Library

Every book opens a new world — encouraging curiosity through daily reading, storytelling, and author talk sessions.

## SKILLS & LIFE LEARNING

Skills Lab, Kids Dining Room

From table manners to teamwork — real-life lessons that prepare students to face the world with confidence and courtesy.

## SPORTS & RECREATION ZONES

Indoor Play, Chess, Carrom, Table Tennis, Archery, Rifle Shooting

Nurturing focus, fitness, and fun — from kindergarten soft play areas to basement sports zones aligned with Vision Olympics 2036.

## Sports - Cultivation Healthy Bodies and Spirit

- We recognize the importance of physical activity in nurturing healthy, happy students. Our comprehensive sports program encourages participation, teamwork, and discipline.
- Our campus features state-of-the-art sports facilities, including playgrounds, indoor courts, swimming pools, and fields for cricket, football, basketball, and more. Whether your child is an aspiring athlete or simply enjoys staying active, there are plenty of opportunities to engage in sports and physical fitness.
- Our trained coaches guide students at all levels, emphasizing fun, skill development, and sportsmanship. From inter-school tournaments to friendly competitions within the school, every child learns the value of perseverance, dedication, and teamwork.
- Additionally, wellness activities like yoga, meditation, and aerobics promote physical health and mental clarity, helping students achieve a balanced lifestyle.

## Our Amazing Campus - A Gateway to Learning and Inspiration

- **Modern Infrastructure:** Academic blocks feature bright, spacious classrooms; smart labs for science, technology, robotics, and math; and e-libraries with thousands of resources for independent study.
- **Green, Sustainable Spaces:** Our eco-friendly landscaping includes botanical gardens, shaded courtyards, and an organic kitchen garden. We practice sustainable initiatives-from rainwater harvesting to recycling-so students learn environmental stewardship firsthand.
- **Safety and Accessibility:** The entire campus is monitored by security personnel and state-of-the-art surveillance systems. Universal design principles ensure all areas are accessible and welcoming to all students.
- **Community Hubs:** Cafeterias, auditoriums, multipurpose halls, and open-air amphitheaters serve as gathering places for school-wide events, performances, and collaborative projects. **Student-Centered Environment:** Comfortable lounge areas, dedicated counseling centers, health clinics, and resource rooms provide support and enrichment for every learner. Our commitment to providing a beautiful, safe, and dynamic campus underscores our belief that every student deserves the very best foundation for lifelong success.
